## Freemantle Dockers, WA

New Construction  
(Perth), WA, Australia

### OWNER

City Of Cockburn,  
Freemantle Dockers AFL  
Club & Curtin University

### CONTRACTOR

Brookefield Multiplex

### DISTRIBUTOR

Permotech (WA)

### PRODUCTS USED IN APPLICATION

Krystol Internal Membrane (KIM) Admixture

### BACKGROUND

Brookfield Multiplex completed construction of new AFL administration and training facilities plus community recreation facilities at Fremantle Dockers Training Facility and Cockburn Aquatic & Recreation Centre (ARC) in Cockburn WA. This was a large-scale joint project for the City of Cockburn, the Fremantle Dockers AFL club and Curtin University.

Our WA Distributor, Permotech, provided Krystol Internal Membrane (KIM) concrete admixture to this \$109m project.

### SOLUTION

Krystol Internal Membrane (KIM) concrete admixture was applied to the retaining walls of this project.

Krystol Internal Membrane (KIM) is a Krystol Internal Membrane (KIM) is a hydrophilic crystalline admixture used to create permanently waterproof concrete. It is used for the treatment of concrete and concrete products to protect against water intrusion, leakage, cracking, chemical attack, and corrosion of reinforcing steel.
